

News From Room 10

For the week of January 16, 2017

Monday	Tuesday	Wednesday	Thursday	Friday
No School – In Honor of Dr. Martin Luther King, Jr.		GYM SHOES NEEDED	½ day	½ day End of 2 nd card marking

Report cards will be available on January 24th on Powerschool. The parent-teacher conferences, which will be held in February, will not be for everyone. I will make time for anyone that needs to come in and talk. You will be getting more information about this soon.

It makes me a little nervous knowing we are already half way through this school year. We still have so much to learn. The NWEA testing is showing strong growth for those students who read every day and have mastered their math facts. Also, it is evident that those who have learned the **multiplication facts** are finding math easier than those who still need to learn these facts. Keep practicing and don't give up!

Writing: Focusing on verbs. Action, linking, helping, verb tenses and subject-verb agreement. A test will be coming soon.

Social Studies: We are finishing up New Spain. A map of the world and another of the Western Hemisphere should have come home. This will be part of the next test. Please start practicing with your child.

HOPING FOR LOTS OF SNOW!

SCIENCE: Test on Wednesday, January 18th. A study guide should be home.

Math Kavanaugh: We will only be meeting for two days next week and will focus on dividing two digit divisors. Students will use the standard algorithm, partial quotient, and block model. I'm so proud of how hard some of the students worked this quarter!
