

News From Room 10

For the week of May 8, 2017

Monday	Tuesday	Wednesday	Thursday	Friday
For Your Information				

TIE-DYE SHIRTS!

As a 5th grade team, we would like to show team spirit by all wearing the blue tie-dyed shirts to field day on June 6. Our grade level color is blue, so this fits perfectly! We feel that teamwork is essential in all aspects of curriculum and it would be great to really show our 5th grade pride on field day. **Students need to bring in PRE-WASHED WHITE t-shirts by Thursday, May 18TH.** The shirts may be new or used, but need to be washed prior to bringing in to school. **Please write your child's first name in sharpie on the tag of the shirt.**

Green Team News

Green Team bookmarks to promote and celebrate our Earth will also be sold at the ice cream social for \$1.00- They have the seeded paper Earths attached to them that, when planted, will grow into native wildflowers-

Flyers Attached:

- Ice cream social flyer
- Raffle basket flyer
- Raffle order form
- Walk-a-thon family note
- Walk-a-thon pledge form

Math: We will continue our study of solid figures by determining volumes. Pink redo Topic 11 test signatures are due Wednesday, May 10th. Study guides will go home next week with a test on Monday, May 15th.

Social studies: We have now learned about the events that led up to the Revolutionary War. This week we will get into the advantages and disadvantages of the Continental and British forces.

Science: This week we will literally be learning about the entire universe! We will first explore the moon and then the rest the solar system! It is crunch time for the science projects. This is a very major part of the children's 4th quarter science grade. Extra packets have been sent home with any child who lost their original packet. Students must turn in both their completed project and the packet on May 17th.
